

2019 end of year report from Christ Church *Now That's What I Call Christ Church!*

Not every school releases an album of eight original songs but, with the help of Rocktopus, that is exactly what Christ Church C of E First School and Nursery did in 2019! So, it seems fitting to share highlights from 2019 by using track titles from our limited edition *Now That's What I Call Christ Church!* CD.

We Can Overcome Our Fears (the David and Goliath song) In **October** we ran a mile with Sergeant Rachel to raise funds for WHY ... to support people affected by a diagnosis of cancer or another life threatening condition.

Be A Global Neighbour In **September**, at our Harvest Festival, we said a huge "Thank you!" to God and to the people who catch and harvest the food we eat ... and then donated all of the produce to Fair Frome.

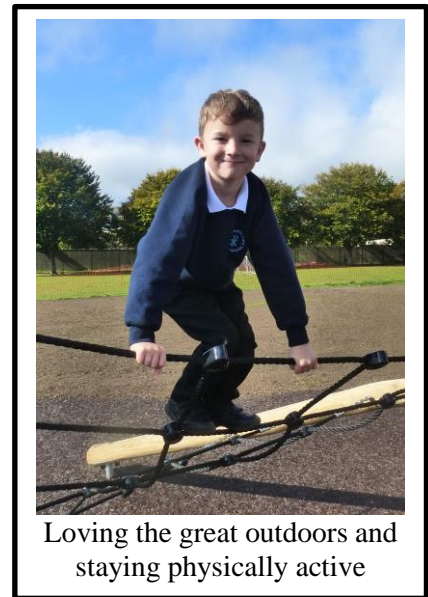

Everyone Deserves A Place To Do Their Business (the Toilet Twinning song) In **May** we learnt that millions of children around the world do not have access to clean water or hygienic toilets.

Save Our World Today In **November** birds of prey visited school ... and we took action against climate change by raising enough money to plant 142 trees in Kenya.

Jesus Helps Us Make Good Choices (the Zacchaeus song) In **April** our newly fitted solar panels began feeding power into the National Grid.

Loving trees and taking action against climate change

Loving the great outdoors and staying physically active

Come Learn With Me! In **March** we celebrated World Book Day and British Science Week. In **December** we spent over £3,000 on new reading books.

Say Thank You! (the Ten Lepers song) In **January** and **February**, and again in **June** and **July**, we said a massive "Thank you!" to volunteers who came in at weekends to redecorate the school.

I'll Be A Good Friend In **August** we hosted summer club activities in our freshly painted school hall.
